Telehealth Informed Consent

l,	, consent to telehealth	
	Dr. Irene Matiatos. Telehealth is delivery of	clinical
health care services via election	ronic media between a practitioner and a clie	ent who
are located apart. I understar	nd: 1) I have the right to withdraw consent at	any
time without affecting my rig	ht to future care and services. 2) I understan	d that
there may be difficulties and	risks associated with telehealth such as trans	smission
failures; breaches of confider	ntiality by unauthorized persons; limited abili	ity to
respond to emergencies. If th	ne internet fails, we may continue our sessior	າ by
phone or we may reschedule	. 3) Neither party will record online sessions.	
Information disclosed within	sessions and written records pertaining to th	iose
sessions are confidential and	may not be disclosed to without written per	mission,
unless disclosure is permitted	d or required by law. 4) I understand that priv	acy laws
that protect my health care in	nformation also apply to telehealth unless th	ere is an
exception to confidentiality s	uch as mandatory reporting of child, elder, o	r
vulnerable adult abuse; dang	er to self or others; legal proceedings, etc. 5)) I
understand that if I am having	g suicidal or homicidal thoughts, am experie	ncing
psychotic symptoms or havin	g a mental health crisis that cannot be resolv	⁄ed
remotely, telehealth services	may not appropriate and a higher level of ca	ire may
be required. 7) Missed sessions without 24-hour cancellation will be charged the		
full session fee (insurance or	self-pay) unless otherwise negotiated. 8)I	
understand that my therapist may need to contact my emergency contact and/or		
appropriate authorities in case of an emergency.
